## Worst Early Winter Storm Here In Years Cripples Utility Lines, Hits Traffic

One of Adams County's worst early winter snowstorms in years swept in from the west this morning with up to five inches of snow that brought down utility lines and poles, brought traffic to a standstill at many points and left hundreds of county homes and business places without power or phone service for hours.

The storm brought out all of the Pennsylvania State Highway Department's snow removal equipment to plow slush and combat drifting that was a problem in many rural areas.

Strong west winds downed utility lines laden with wet snow in many parts of the county but with the worst of the trouble in the crescent from Zora to Heidlersburg through Fairfield, Orrtanna, Cashtown, Arendtsville, the Narrows and Bendersville.

**Power Failure Problem**  
The Metropolitan Edison Company's Gettysburg manager, William A. Lentz, said up to 600 homes and business places in the western and northern parts of the county were without power for up to six hours this morning. By late morning, he said, "We appear to be gaining on the trouble reports and by early afternoon most of the trouble may be cleared up."

The Fairfield-Waynesboro Rd., able to handle only one-way traffic for hours this morning, closed down tight about mid-morning because of fallen telephone poles and lines. Traffic was being rerouted and telephone company men worked in strong, icy-wet winds to repair the trouble and restore telephone service as well as the flow of traffic.

Fallen trees, poles and wires also closed the Narrows Rd. and the Pine Grove Furnace Rd. while reports from Hanover said Route 94 south of Hanover was closed by fallen lines and poles with a huge traffic jam resulting. The Southwest Joint School system in that area closed down.

**Mail Delayed**  
Mail deliveries at the Gettysburg post office were running an hour and a half behind schedule, Postmaster Jacob G. Apple said, because star and other incoming mail route drivers encountered extremely bad driving and some of the roads found traffic delayed by fallen lines and poles.

There were reports that conditions were worse in York County, Emmitsburg and south of that town while roads were reported closed.

Waynesboro had only a trace of snow but the Sunshine Trail (Continued On Page 3)

## A Million Cheering And Deliriously Enthusiastic Pakistanis Shriek Warm Welcome To Pres. Eisenhower Today

By WILLIAM L. RYAN  
KARACHI, Pakistan (AP) — A million cheering Pakistanis — by official estimate — gave President Eisenhower today the most thunderous reception ever accorded a foreign visitor.

Shouting, waving people packed the streets and the roads from the airport as Eisenhower arrived from Turkey on the third stop of his 22,000-mile mission of peace. The President was deeply moved by the outpouring of affection and called the welcome "tremendous," said James C. Hagerty, White House press secretary.

Grinning with delight, the American President stood erect in the back of a white convertible and waved to the colorfully clad Pakistanis jam-packed along his route into Pakistan's largest city.

Each time the American visitor waved his hat, the crowds responded with delighted roars of welcome.

## Festooned For Carnival

"Eisenhower zindabad!" — "long life to Eisenhower!" — the vast throngs roared over and over. The teeming city of two million was festooned for carnival. The Stars and Stripes and Pakistan's green and white crescent banner waved on all sides, from poles and triumphal arches. A host of steamers, of every color of the rainbow, added to the brilliance of the scene.

Karachi definitely was happy to

see Ike, and Ike to see the city and its people.

"Thousands of Pakistanis pushed and shoved their way into the broad corner square near the U.S. Embassy where the President and his host, President Mohammed Ayub Khan, changed from the automobile to a stately red and gold presidential coach drawn by six spanking black horses. Then the majestic, slow procession made its way to the presidential residence, where Eisenhower will make his headquarters for his 40-hour stay.

## "HANGING OF GREENS" HELD AT Y SUNDAY

"Today as our Christmas season begins, may our faith be revived, may our thoughts and deeds help the world family, may our hopes for loved ones near and far be fulfilled and may we display the symbols of our faith," said Mrs. F. N. Hewitson as she led the traditional "Hanging of the Greens" ceremony Sunday afternoon at the YWCA. Approximately 100 persons were present.

The theme of the program was "Our Christmas Symbols." Each symbol of Christmas, the candle, yule log, Christmas tree, holly and the wreath, was displayed and the legend of each told.

Mrs. Ruth B. Johns lighted the candle in the window to "lead the Christ Child on His way and to be a symbol to us to cherish the desire for friendship, peace and, most of all, love." Before lighting the yule log Mrs. Mark A. Eckert told the group to "think of the love that He inspired and may the heat of the fire remind us of the love that He imparts."

## Tells Of Old Legend

A legend surrounds the Christmas tree. Mrs. Harold A. Dunkelberger explained that "700 years after the birth of Christ a monk, Wilfred, working with pagan Druids, cut down a huge oak (Continued On Page 3)

lights on all sides. As night fell, it looked like a city adorned for Christmas.

The nation's highest award, the Nishan I Medal of Pakistan, was presented to Eisenhower tonight just before a dinner given in his honor.

President Mohammed Ayub Khan made the award. He read an accompanying citation praising Eisenhower for "inspiring leadership in enabling the free nations to develop collective security against aggression."

The President's big orange-nosed jet airliner touched down at Mauripur Air Force Base right on schedule at 3:30 p.m., after a 2,260-mile flight from Ankara, Turkey.

**21-Gun Salute**  
Eisenhower stepped from the plane with a big smile on his face to shake hands with Ayub Khan. A 21-gun salute boomed out across the field, and the Pakistani President introduced members of his government.

Borough police today continued their search for a man who attacked a seven-year-old girl in the alley between E. Middle and Hanover Sts. Saturday afternoon about 3 o'clock.

Police said the girl and her five-year-old brother were playing in the alley between Liberty and Third Sts. when a man came walking along the alley and enticed the girl to the other side of the alley by talking to her about the weather. He then grabbed the girl and pulled off some of her clothes.

The girl and the five-year-old brother screamed and the mother responded from the house. By the time the mother had reached the scene the attacker had fled. Medical examination of the child (Continued On Page 3)

## C-D Alert Test At Six Tonight

Sirens will sound throughout Adams County between 6 and 8 o'clock this evening as part of a statewide Civil Defense test.

County Civil Defense Director William G. Weaver said the sirens will sound three times, the first as an "alert" signal, the second as a "take cover" signal and the third as an "all clear" signal. Weaver said the public is not asked to take cover nor will traffic be halted.

In those communities where sirens can be so operated a high steady blast will be given as the "alert" and "all clear" signal and a warbling sound will be given as the "take cover" signal.

## REV. KORTE IS SPEAKER FOR ELKS' SERVICE

The Rev. Edwerth E. Korte, Gettysburg College chaplain, was the speaker for the annual memorial service conducted Sunday afternoon at the Gettysburg Elks' home when special tribute was paid to eight lodge members who died in the last year.

Special music was furnished by the Gettysburg High School choir under the direction of Paul W. Grove and Exalted Ruler Charles R. Rupp headed the staff of lodge officers that conducted the annual memorial ritual.

Names of the eight members who died in the last year were read by Secretary Raymond Menges. They included G. R. Thompson, Harry G. Deatrick, James S. Shenk, S. L. Allison, Calvin Gilbert, John H. Basehore, Harry M. Oyler and Joseph A. Smith.

In his memorial address, the Rev. Mr. Korte said:

## Death Is Not The End

"What you do here can be very meaningful. Always remember that after a service at a church or funeral home, as you wind your way to the cemetery, one phrase occurs: 'In the midst of life we are faced with death.' 'All of us are near our time. Even in our living we are dying. Through Christianity we know death is a fact and we cannot cover it up. Christ meets this headlong and teaches us to live and to die.

"From the Bible we learn that the living will die. We do not need to be afraid of death. Like everything else it is within the providence of God. The Elks' ritual reminds us that death is not the end, that the real home is not life."

The Rev. Mr. Korte, in comparing death to an ocean, said: "Even though we cannot see land on the other side we know that it is there, Christ said, 'He that believeth in Me, though he were dead, shall never die. I am the resurrection and the life.'"

"Death is not the end," said Rev. Korte, "One conquered it. His death and resurrection and in doing so prepared the way for us."

Donald Myers was chairman of the committee on arrangements for the annual service.

## Three Prisoners Escape From Jail Sunday Night; Turnkey Overpowered

Search continued today for three men who escaped from the Adams County jail Sunday evening after overpowering a turnkey.

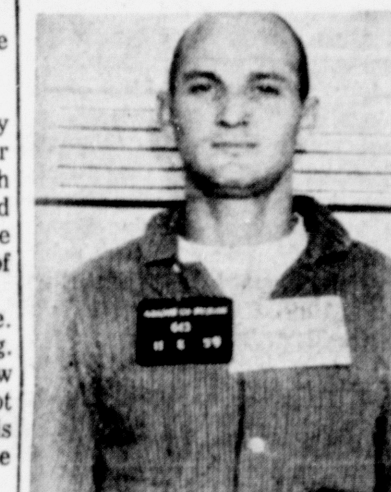

Sheriff Dawson Miller said they are: Johnny Paul Washam, 26, of 112 Fair St., San Antonio, Tex.; Edgar Allen Golden, 24, of 2106 Twenty-sixth St., Galveston, Tex., and formerly of Gettysburg, and Guy E. Gross, 23, Gettysburg R. 1. A fourth man in the prison break, Earl Leo Miller, 31, Spry (York County), was captured before he escaped.

The sheriff gave these descriptions of the men: Washam, six foot, 160-pound, white, blond hair closely cropped, brown eyes; Gross, 5 feet 11 inches tall, 165 pounds, white, brown hair and blue eyes; Golden, five feet, eight inches tall, 145 pounds, white, brown eyes and hair.

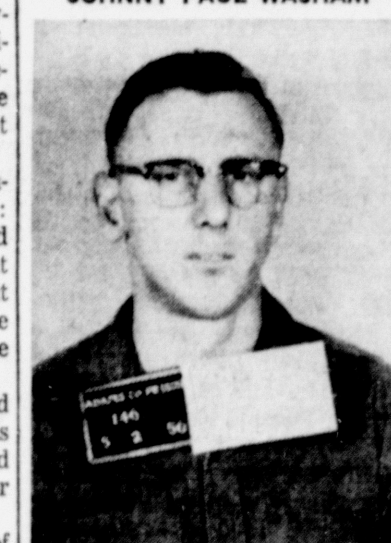

The escape occurred when Turnkey William E. "Johnny" Knox entered the cell block to see that all the prisoners were in their cells following church services held in the cell block.

## Escapee Was "Trusty"

Gross, in jail awaiting a hearing on a desertion and nonsupport charge next Monday, had been the jail's "runner."

Sheriff Miller explained the "runner" in the cell block is a trusted prisoner who has the freedom of the corridor and a button in his cell to call jail attendants should any of the prisoners become ill or unruly during the day or night.

Normal procedure is for the turnkey to remain outside the door to the cell block until all of the prisoners are safely in their cells. When they are placed there and locked in, the "runner" gives a signal to the attendant watching him through a window into the cell block.

## Trusty Helps Escapees

Knox said he ordered the prisoners into their cells at about 6:30 o'clock Sunday evening. Gross, who was sweeping in the corridor, looked around, then gave Knox the signal that it was safe to enter.

The system is required because, while the window into the cell block permits viewing much of the cell area, there is a "blind spot" covering the first few cells in that area.

When Knox received the signal he stepped inside to lock up for the night.

As he passed Gross he said, "Hello." Gross answered, "Hi, Johnny." Gross, in back of the turnkey, struck Knox on the shoulder with the broom handle. One of the three other men, hidden on the walkway to the cells on the second floor, jumped on Knox. The other two men rushed from the shower room and grabbed Knox. Washam struck Knox with a 30-inch long aluminum bar he had broken out of a window screen in his cell. Knox fell to the cell floor and the men used coat hangers to tie him up. In the meantime Knox was screaming.

## Nab One Escapee

Sheriff and Mrs. Miller had just left their apartment at the jail to visit relatives. The sheriff was about halfway to the garage when he heard Knox screaming and he ran back into the jail.

Mrs. Miller also turned back, saw a shadow moving near the door between the kitchen and dining room, and pushed the door shut. The prisoner, Earl Leo Miller, turned into the sheriff's office.

Sheriff Miller and two trustees, Edward Hammaker, Columbia, in jail for being delinquent on a support payment, and Howard Sandoe, Biglerville R. 1, serving a sentence for an accidental shooting, reached the sheriff's office at the same time. Hammaker was the first to grab Miller.

## Prisoner Is Threatened

Hammaker, who had been the first out of the trusty's cell, met one of the four escapees in the corridor who threatened him with the aluminum bar.

The two trustees and the sheriff then started Miller back to the cell block. Knox had worked loose and rushed out, shouting that four men were escaping.

The sheriff ran through the kitchen into another room leading to an open area enclosed by a 12 foot high wire fence topped by four strands of barbed wire.

## Escapee Is Cut

When the sheriff reached the yard he saw a swinging clothesline but the trio had disappeared. (Continued On Page 3)

Today's figures report sales through Saturday.

## CHAPTER ONE A LONG WINTER

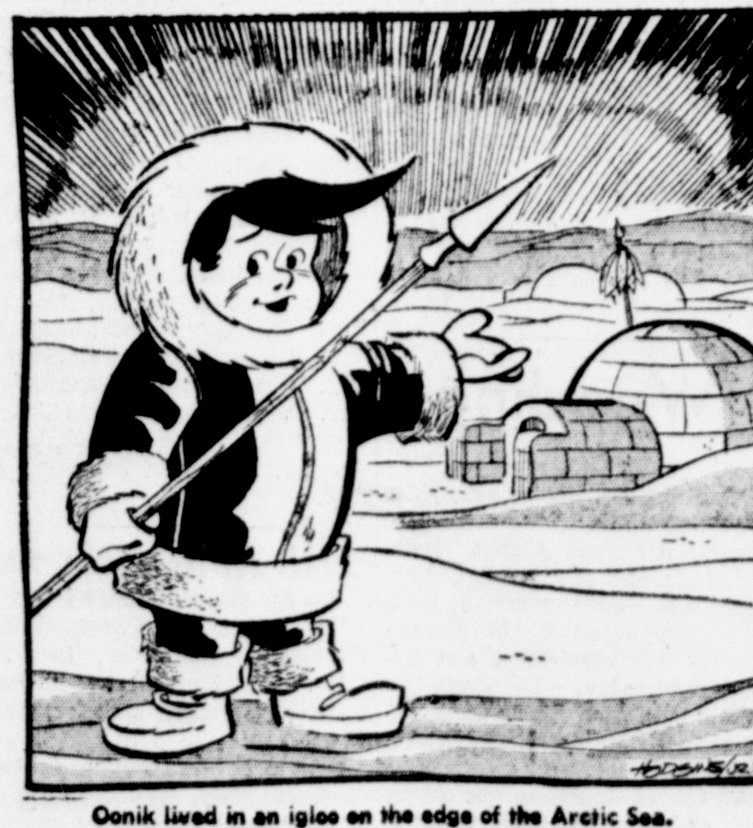

In Northern lands near the top of the world Christmas comes in the wintertime.

In Southern lands near the bottom of the world it is different. There Christmas comes in summer.

In June, July and August, Northern children swim and picnic and walk barefoot in the woods, but during these very same months Southern Hemisphere children ride sleds and skate and wear gloves every day. For these children summer doesn't come until December and Christmas itself often comes on the hottest day of the year.

There is, of course, a scientific explanation for this strange state of affairs and you have probably heard this explanation and accepted it as, very properly, you should.

But some folk say there is another reason, not at all scientific, why December comes in summer (Continued On Page 4)

## WRECKAGE OF PLANE FOUND

WASHINGTON, N.H. (AP)—A private-twin engine plane carrying the only son of Sen. George D. Aiken (R-Vt.) and two male companions was found today in this isolated country town about 20 miles from the Vermont border. The craft had been missing since Sunday afternoon.

State police received word from a searching party of conservation officers that Norman Paulhus, 39, of Charlestown, N.H., pilot of the plane, walked out of the woods for three hours this morning although he was suffering from a crushed chest.

Searchers came upon him on Highland Lake Road. They quoted Paulhus as saying one of his companions might be dead and that the other suffered a broken back.

Riding with Paulhus were Howard Aiken, 39, of Springfield, copilot, and Mark Tobin, a representative of Fellows Gear Shaper Co., of Springfield, which owned the plane.

The 1959 model Piper Apache had completed about two-thirds of its flight which normally required 35 minutes. It was last heard from at 4:50 p.m. Sunday, 15 minutes after takeoff from Grenier.

## URGED MORE JAIL GUARDS

On June 8, following a jail break, Robert A. Itri, director of inspections for the state Department of Justice, presented a report to the Adams County commissioners listing his recommendations following a visit to the jail May 27.

His first recommendation was that "the key to safe custody in any penal institution is close and constant supervision. The present custodial staff is inadequate for this purpose, especially considering the current average population of the jail. There should be a minimum of three custodial officers on the day shift and two custodial officers on the other two shifts.

"During the day shift, one guard should be stationed inside the cellblock, without weapons or keys, to oversee all inmate activities and to forestall escape plots or fights.

"Also a guard should be stationed in the yard during exercise periods. From lock-in-time at night until breakfast, the prisoners should be kept locked in their cells and checked at half-hour intervals to insure that they are not trying to break out or have become suddenly ill or accidentally impaired."

No action has been taken as yet by the commissioners to provide the additional help, Sheriff Miller said. As a result the "runner" system was continued, with a "trusted" prisoner signaling the turnkey on duty at night when he wished to enter the cell block.

Some of the recommendations pertaining to installation of lights and tightening of bars were adopted.

## Nostalgic Yule Memories Inspire Christmas Cards

Who would ever associate controversy with such a simple and delightful poem as "The Twelve Days of Christmas?"

However, as the Christmas season approaches, the gifts mentioned in this traditional poem are bound to arouse good-natured debate.

Why? Simply because the order of the much talked-about gifts that "my true love sent to me" have been shuffled since the poem was first penned many years ago.

One old account of the poem has the gift for the ninth day, for example, as "nine drummers drumming," while another has the gift for the same day as "nine ladies dancing," one anthology indicates the first day's gift as a "parrot in a juniper tree" yet another claims it was "a partridge in a pear tree." It would appear that someone has taken the liberty of "poetic license" with the poem, whose author is anonymous.

**Gifts Are Peculiar**  
One thing on which all can agree, however, is that the gifts are peculiar. Maybe the author

wished to remain unknown purposely? Who would want to take credit for dreaming up such a conglomeration of gifts to send to someone dear at Christmas time?

For the benefit of those not familiar with this delightful poem, whose verses grow on you as the gifts add up each day between Christmas and "Twelfth Night," when the Three Wise Men appeared to the Christ Child, the final summarizing verse in one popular version reads:

On the twelfth day of Christmas my true love sent to me  
Twelve drummers drumming,  
Eleven pipers piping,  
Ten lords a-leaping,  
Nine ladies dancing,  
Eight maids a-milking,  
Seven swans-a-swimming,  
Six geese a-laying,  
Five gold rings,  
Four Colly birds,  
Three French hens,  
Two turtle doves,  
And a partridge in a pear tree.

What an assortment to have under your Christmas tree!

## On Xmas Card

This Christmas it will be possible to send these gifts all at once, in the form of a Christmas card. The gaiety and charm of this unusual poem is one of several nostalgic holiday memories unfolded in an "Americana" collection of personalized greeting cards. The card has been designed by artist Elaine Kahn Kurtz in the style of an old fashioned patch-work quilt and is set on a background of brilliant gold foil.

The unique "Americana" collection contains 32 distinctive designs, in all, with each featuring a symbol or a tradition from Christmases of years gone by.

Was this unknown suitor a zoo keeper? A theatrical producer? Who else could use such an incredible accumulation? What would you do with four Colly birds? Of course, that's no more off beat than the modern jeweled navel button, a gift "for those who have everything."

**Had Alternate Plan**  
Miller also said that if Knox had not entered the cell block, the men planned to wait until this morning and then jump Sheriff Miller when he entered the cell block to bring clean clothes to the prisoners.

Knox said one of the men, he believed Washam, threatened to kill him if he did not stop screaming.

Knox suffered cuts of the left hand and injuries to the shoulder, side, leg and foot, but did not seek immediate medical care. His wrist watch was stopped at 6:50 o'clock.

**Denies Having Knife**  
Miller said one of the escapees had a pocket knife but the sheriff and Knox discounted this. The sheriff November 27 brought Washam and Gulden from the New Jersey State Penitentiary at Newark, N. J., to face burglary and larceny charges here. The two men had served a sentence in New Jersey on other burglary charges and were scheduled to appear before the Adams County court next Monday for sentence on three burglary charges of the Miller and Rose Garage, the Direct-To-You Service Station and another garage in Adams County. They are also wanted in Texas or similar charges. Knox said about 30 burglaries are listed against the two men and that Washam, according to his record, had been in jail 14 years thus far.

**Relatives Deny Haven**  
An hour and 10 minutes after the three men escaped Gross appeared at the home of relatives at Emmitsburg, entering by the rear door. He was ordered out and police were called. They told officers that Gross was "soakin' wet" and had a cut hand. Police, however, were unable to find him. Gross' auto was parked in Emmitsburg but had a flat tire.

Police notified all banks in the area to be on the alert.

A Hanover Mennonite minister conducted services Sunday night at the jail, alternating each week with a Mennonite minister from Adams County.

Sheriff Miller said several of the prisoners were aware of the escape plans but they "had to live with these people" and did not inform us. Some of the prisoners must have been watching the hidden prisoners but gave no alarm when Knox entered the cell area, Miller said.

**Maid Of Honor**  
Miss Glenda Deardorff, Fairfield, cousin of the bride, was the maid of honor. She wore a avocado green ballerina-length gown in pure silk organza over taffeta. The gown featured a rounded neckline, draped cummerbund and bustle bow. She wore a matching bow headpiece with a circular veil and carried a bouquet of yellow and white mums. Miss Gloria Hoffman, Red Lion, class mate of the bride, was the bridesmaid. She wore a dress and headpiece identical to the maid of honor and carried a bouquet of bronze and yellow mums.

Robert Straley, R. 4, was the best man. The ushers were Harry Ray, R. 4, uncle of the groom, and John Slonaker, Aspers, brother of the bride.

A reception for 100 followed the ceremony in the social room of the church. After a short wedding trip the couple will reside at 115 S. Richland Ave., York.

The bride is a graduate of Biglerville High School with the class of 1956 and York Hospital School of Nursing with the class of 1959. She is presently employed at York Hospital.

The groom is a graduate of Gettysburg High School with the class of 1953 and served three years in the armed forces. He is employed at the New Cumberland Army Depot.

They have three children, Stephen Herr, 9; Philip Alan, 8, and Ann Bowman Koons, 4.

**RESUME STEEL STRIKE PARLEY**  
WASHINGTON (AP)—Federal mediators bring union and management negotiators together again today in another effort to settle the steel strike.

The negotiators met for 2 1/2 hours Saturday. No details of the meeting were made public. But Joseph F. Finnegan, director of the Federal Mediation and Conciliation Service, said he thought the discussions were constructive.

An 80-day Taft-Hartley injunction in the strike expires Jan. 26. Another walkout is threatened at that time if a settlement is not reached.

Steelworkers' wages before the 116-day strike began averaged \$3.11 an hour. The industry has offered a three-year contract with benefits it values at 30 cents an hour and the union values at 24 cents. The union demands terms of its Kaiser Steel Corp. agreement calling for 22 1/2 cents hourly gain over 20 months. There also is disagreement on work rules.

## Early Storm

(Continued From Page 1)

east of Beartown was described as a "sheet of ice" and a dozen cars were towed off that stretch of highway this morning. In the mountains there was close to five inches of snow.

In Emmitsburg the driving snow stopped the clock in the steeple of St. Joseph's Catholic Church at 5:30 o'clock this morning and the community was crippled by falling trees, limbs and poles and traffic had difficulty at many points.

**Highway Crews Out**  
State Highway Superintendent Clyde O. Garber said the snow began about 2 o'clock this morning after rain had fallen since mid-afternoon Sunday. The first plows were dispatched to plow slush at 3:30 o'clock and a total of 33 trucks was sent out. Much of the task had been completed by late morning. Ninety-three men were engaged in the fight to keep roads clear of fallen trees and wires, Garber said.

The snow depth ranged from about five inches in the mountains to four in the New Oxford area with Gettysburg coming off with less than two. Snow fences have been in place for weeks, Garber added.

United Telephone Company Manager John Caldwell said service was hard hit in the Fairfield-Ortanna-Cashtown area with the worst of the trouble west of Fairfield toward Zora. Other storm trouble was general but scattered. More reports continued to pour in of lines broken by the wind and clinging snow.

Rural mail carriers attempted to cover their routes but were expected to have difficulty.

**Buses Hampered**  
Two Franklin Twp. buses and one other school bus were late reaching Gettysburg High School this morning but most pupils were in their places when school convened.

About 5 o'clock this morning some 150 Metropolitan Edison customers in the Heidersburg area had power cut off. Lines were back in service at 9 a.m.

At least twice this morning snow and wind cut off electrical service to the Arendtsville section, affecting an estimated 250 homes.

There was more electrical trouble in the Fairfield and Ortanna sections and light lines between those towns were sagging but still in service late this morning. One pole had snapped, but the lines held.

**Fuse Blows**  
The snow and wind were blamed when a large outside fuse blew out at the Gettysburg Furniture Company plant here in mid-morning. MECO workmen replaced the fuse within a half hour.

There was line trouble in the Huntersville section and on Seminary Ridge this morning whipping branches cut off current to the home of Dr. Frederick Wentz.

There were many reports of minor accidents resulting from the very bad driving conditions and state police were called to investigate two storm-connected crashes.

**10 Inches In Lancaster**  
The season's first snowstorm whipped across Pennsylvania today, closing many schools, slowing traffic, causing extensive power failures and creating driving hazards, the Associated Press said.

Evidently Lancaster was the worst hit county.

With 10 inches of snow on the ground by noon, and at least a couple inches more expected later in the day, the city and rural sections alike suffered from the heavy wet snow which moved in shortly before daybreak.

**Schools Closed**  
All schools in the county were closed. Many industrial plants shut down. Fallen wires cut off electricity to several thousand homes. Bus and taxi service came to a standstill. All roads in the county were reported blocked at some point.

The two of Lititz had no electric power at all. Other places were nearly as bad off.

In Cumberland County, a mixture of snow and high wind downed a main power line, leaving the New Cumberland Army Supply Depot, the Harrisburg State Airport, dozens of schools and thousands of homes without electricity. School children were sent home. Service was partly restored in some areas by noon. No hospitals were affected by the power failure.

**Plan To Probe Price Of Drugs**  
WASHINGTON (AP)—A Senate subcommittee opens hearings today designed to determine whether drug makers are charging too much for their medicines—especially those most used by older people.

But Chairman Estes Kefauver (D-Tenn.) emphasized that the Senate Antitrust and Monopoly subcommittee is interested only in wholesale prices. He said no effort would be made to determine whether retail profit margins in drug stores were fair, although markups will be shown in some of the testimony.

CAIRO (AP)—President Gamal Abdel Nasser is writing a book on the 1956 Suez war, the newspaper Al Ahrar reported today. The paper said the book would be published all over the world in all languages.

## 14 SEAMEN ARE LOST; VESSELS FLOUNDERING

LONDON (AP)—Fourteen men may have drowned in the shattered wrecks of two small vessels which sank in a mighty gale raging round the coast of Britain today.

Numerous other craft were in trouble in the storm.

Further south, off the East Anglian coast, a Liberian freighter, struggled against gales sweeping it toward the jagged shore.

Even the mightiest liners struggled against the fury of the storm that swept far out across the Atlantic.

**Liner Late**  
The Queen Elizabeth radioed after a day and night battering that it would not reach Cherbourg until Tuesday morning, 12 hours late.

The liner plowed through the center of the storm's 125-mile winds that churned up waves 80 feet high. Inch-thick portholes in first-class cabins 40 feet above the water line were reported to have been smashed by the waves. Five cabins were flooded.

No passengers were hurt.

Ashore, the storm brought floods. Many roads were impassable and dozens of houses in exposed coastal towns were damaged.

**"Worst Blizzard"**  
All of south Sweden and the southern Baltic were in the grip of one of the worst blizzards in living memory. As the storm whipped the area for the third day in a row, the death toll rose to five.

The heavy snow also was blanketing Norway, blocking roads and rail lines. High winds continued to endanger shipping along the rugged Norwegian coast. A Danish and a Swedish fishing vessel were in distress.

In central Norway, emergency crews worked to clear ice that stopped a hydroelectric plant and plunged the homes of 30,000 people in the Helgeland area into darkness.

**ADOPTED GIRL FINALLY IN U.S.**  
CAMDEN, N. J. (AP)—Air Force Sgt. James J. Leshner and his wife brought their adopted Chinese daughter home from Formosa this weekend after long months of trying to get the child into the country.

Then Leshner learned of his transfer to Colorado Springs, Col. He had been assigned to teach at Franklin and Marshall College, Lancaster, Pa., but lost the assignment because of the delay in his arrival.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

### ONE HUNDRED YEARS AGO

Execution Of John Brown: This celebrated individual, convicted of the high crimes of treason, insurrection and murder, paid the penalty of his infraction of the laws, by hanging, on Friday last, at Charlestown, Va. He was executed at a quarter past 11 o'clock. He exhibited his characteristic firmness to the last. He was not accompanied by any minister as he desired to have no religious ceremonies either in the jail or on the scaffold. He looked calmly around on the masses of the people, seemingly self possessed and with a few brief struggles, yielded up his spirit. As soon as life was known to be extinct, his body was placed in a coffin, and taken under a military escort to Harper's Ferry, where Mrs. Brown was waiting to receive it, for the purpose of interring it at Albany, N. Y. She came on a day or two previous and, we learn, has spoken in the highest terms of the kindness extended to her by the citizens and authorities of the State of Virginia.

Everything passed off in quiet and order; the rumors of intended rescue being there now very generally considered an "egregious hoax" as all out of the immediate neighborhood of the excitement ever looked upon it. John Brown has paid the penalty of his crime. He deserved the highest punishment for his daring, fanatical act that the law required. As an opponent of capital punishment, from principle we should have rather seen him incarcerated for life, but we are for the supremacy of the laws, and as long as they say "blood for blood," we say "So be it," in a case like that of John Brown.

**Gas Meeting:** An adjourned meeting of the Citizens of the Borough favorable to the organization of a Gas company was held at the Court House on Monday evening last, the attendance being large and encouraging.

The several committees appointed to ascertain the probable number of full burners that would be used immediately upon the completion of the works reported that they had ascertained that about 171 burners could be relied on independent of the College and Seminary where probably 60 additional burners would be used.

**SEVENTY-FIVE YEARS AGO**  
Improvements: Mr. Amos Eckert is preparing to make extensive improvements on the Boyer property purchased by him on corner of Centre Square and Chambersburg street. The old dwelling and storeroom will be torn down. On the corner will be built a three-story brick building, 24 by 48 feet, with basement for business purposes. The first floor (above basement) will be occupied by Mr. Eckert as a store room; the second story for offices and the third as a ball room. In the rear he will put up a two story brick dwelling house, fronting 36½ feet on Centre Square and running back about the same distance.

The skating rink was formally opened on Saturday. Notwithstanding the rain storm several hundred ladies and gentlemen were present on Saturday evening. There was some graceful skating, but numerous tumbles by learners. This evening there will be skating by professionals.

William H. Tipton, photographer of this place, has prepared a large frame, 60 by 82 inches, giving fine views of different portions of the battlefield and of points along the Gettysburg and Har.

It is to be sent to New Orleans as an exhibit in the great exposition now in progress in that city.

**Heavy Rain-Fall:** The severe "blow" on Sunday night was preceded by an unusual fall of rain on Saturday, amounting to two inches and sixty-five hundredths. This was greater than the entire

## Today's Talk

**HOW HONEST ARE YOU?**  
"When a man really tells the truth," said G. K. Chesterton, "the first truth he tells is that he himself is a liar."

I think Chesterton is right. There are few really honest people in the world. I mean people who are honest with themselves. Most people are honest with other people. If they were not they would be put in jail. Or be ostracized—or something. As exemplified in the recent television quiz show scandals.

It takes a great deal of courage to be honest. You have to be honest. You have to be quite bold at times. You may have to give up or go without much that you would like to keep—including even friends.

Just as soon as a man begins to speak the truth on ALL occasions, he is immediately marked as rather queer. For the obvious thing is to conceal, to cover up. To "keep peace in the family," rather than to establish and stick to the natural order, which means to be square clear down the spine. But do not mind, my friend. Be honest—with yourself first. Speak the plain truth, though you walk alone.

We have "customs" and "precedents" to harangue us. But who were they whose perfection MADE the "customs" and "precedents"? Who told THEM they were right? I don't believe honesty starts very far away from right WHAT you are, or from WHERE you are.

Our schools, churches and social workers say a great deal about not stealing, but so little about being absolutely honest. Honesty isn't relative. It is primitive. It is fundamental. You are happy and successful only in the degree that you are honest.

For honesty is not even a "policy." Honesty is a kind of sterling sense!

Tomorrow Mr. Adams will talk on the subject: "The Power of Little Things"

## Just Folks

**THE UNPRAISED HEROES**

Success is not alone in fame,  
Nor riches nor a distant goal;  
The world has never learned the name  
Of many a fine and splendid soul.

Strong heroes pass from day to day

Unnoticed, unidentified,  
Because they toil that no one may

Discover how their souls are tried.

Calmly they stand to every test;  
Bravely their bluffer tasks they meet,  
And silently they give their best,  
Unchanged by victory or defeat.

For duty done they ask no praise;  
Unthought they bear their own distress;

Yet in their quiet, patient ways  
These unsung heroes reach success.

## Two Men Burn To Death In Accident

LEVITOWN, Pa. (AP)—Two men were burned to death Sunday when their car caught fire after colliding with another in Bristol Township.

Six persons in the other car were reported in serious condition in Lower Bucks County Hospital in Bristol.

Killed were Wilson Sprouhle, 64, of Levittown and John Ringel, 28, Seattle, Wash. An aviation machinist mate second class at Patuxent Naval Air Station, Md. Police said a gasoline line was snapped in Sprouhle's car and it caught fire seconds after the collision.

**JERSEY DEER SEASON IN**  
NEWARK, N. J. (AP)—The 6-day deer season started with a bang at 7 a.m. today.

Thousands of hunters were expected to move into the state's woodlands in search of bucks. Rain was forecast.

Besides the regular season on bucks, this year there will be a 3-day doe season later this month.

The open season was declared after many rural residents complained of overpopulated deer damaging crops.

## PA. LEADERS OF GOP LEAN TOWARD NIXON

By LEONARD A. UNGER

HARRISBURG (AP)—The bulk of the Republican leadership in Pennsylvania is leaning sharply toward Vice President Richard Nixon for the Republican presidential nomination.

An Associated Press survey of scores of GOP county chairmen, legislators and big campaign contributors failed to produce a single endorsement of the presidential aspirations of Gov. Nelson Rockefeller of New York.

But the check doesn't necessarily mean there isn't any Rockefeller support at all. That could develop later should Rockefeller make a personal trip into Pennsylvania to line up some backing.

### Bloom Sees Nixon

Thomas B. McCabe Sr., president of the Scott Paper Co., Chester, was represented by close associates as favoring the New York governor for the GOP presidential nod. He declined, however, to make himself accessible for a direct question.

George I. Bloom, Republican state chairman and a Nixon supporter, conceded that McCabe was in the Rockefeller camp for the time being but said that he big GOP campaign contributor could easily wind up behind Nixon.

Asked about his own viewpoint on the possibility of a later surge of Rockefeller strength in Pennsylvania, Bloom replied: "Here, in Pennsylvania, I have come in contact with political people every day. The sentiment appears to be extremely strong for Nixon. But a lot of things can happen to a candidate."

### Unbeatable Combination

Bloom said he didn't look for anything to "happen" to Nixon. "I think a Nixon-Rockefeller ticket would be unbeatable," he said, despite Rockefeller's statement that he wasn't a vice presidential candidate.

Jay Cooke, Philadelphia financier and Republican national committee man, took no sides on a possible Nixon-Rockefeller contest.

But Mrs. Gaynelle Dixon, Butler, GOP national committeewoman, was emphatic in her support of Nixon.

### Big Dinner Coming

"I'm supporting Nixon all the way and I don't see any Rockefeller sentiment at all in the leadership of the Pennsylvania Council of Republican Women."

A sounding board for relative Nixon-Rockefeller support in Pennsylvania may come next weekend at the Pennsylvania Society dinner in New York.

The dinner usually attracts the cream of Pennsylvania Republicanism. The state will send 70 delegates to the GOP national convention at Chicago in July. There has been speculation about a possible fracas on who will head the delegation.

### Scott Or Martin

U.S. Sen. Hugh Scott (R-Pa.) a Nixon backer, is reportedly seeking the honor although there are some within the party that would like to see former Sen. Edward Martin resume the role he played in 1956 even though out of public office.

Former U.S. Sen. James H. Duff, reached at Leonardtown, Md., where he is now making his home while conducting a Washington law practice, said he was neutral between Nixon and Rockefeller.

### Taylor For Nixon

"I'm not saying anything right now," he said.

But one of Duff's closest friends, Sen. M. Harvey Taylor, is known to be in Nixon's camp. As Senate President pro tempore, Taylor wields a powerful influence in the party.

Pennsylvania will elect its delegates to the GOP national convention in the primary election next April 26. The law allows candidates to express a preference for a presidential nominee but there is nothing binding on how they would actually vote at the convention.

## Ike Uses Copters To Save Energy

KARACHI, Pakistan (AP)—President Eisenhower is using helicopters on some parts of his tour to cut down on the physical strain of wading to crowds.

The President used helicopters to go to the airports when leaving both Rome and Ankara. Aides explained he had already done his quota of wading. By avoiding repeat appearances, he conserves his energy for his arrival at the next stop.

Barbara Eisenhower, mother of four children, visited a children's hospital in Ankara Sunday. The President's daughter-in-law went slowly through the wards, stopping to speak to the young patients.

looked through the window at a new baby, and donned a surgical mask and gown to go through the ward for premature infants.

Later the wife of Foreign Minister Fatih Rustu Zorlu gave a tea for Mrs. Eisenhower. During the state dinner for the president—a stag affair—President Celal Bayar's wife entertained Mrs. Eisenhower and several other women at dinner.

Pope John XXIII told about 100 newsmen accompanying President Eisenhower that if St. Paul were

## Turkey Gives Eisenhower Greatest Welcome It Ever Accorded Foreign Visitor

By WEBB MCKINLEY

ANKARA, Turkey (AP)—President Eisenhower took with him from Turkey today memories of the greatest reception ever given a foreign visitor to the Turkish capital.

Eisenhower himself termed the welcome he received on his arrival Sunday from Rome "the most stupendous I have ever seen in a city of this size."

Estimates of the crowds that cheered him ranged from a police figure of 400,000 to unofficial tallies of 700,000.

Bands played, men danced and people shouted "yasha" (long live) as the President went by.

## CALLS PEARL HARBOR ATTACK A "BLUNDER"

TOKYO (AP)—The attack on Pearl Harbor 18 years ago today was "a risky enterprise" that if detected earlier might have cost Japan half its fleet, says Kichisaburo Nomura, Japanese ambassador to Washington at the time.

The former admiral and diplomat in an interview called Japan's axis membership and attack on America great blunders. He said they were "forced on our responsible people by young, audacious elements."

Nomura likened these elements—rightists and military extremists—of the prewar period to present-day left-wing radicals now agitating for Japan to scrap its U.S. alliance.

Only 10 days ago about 700 persons were injured in a clash between police and youthful demonstrators against revision of the U.S.-Japan alliance.

Now 82, Nomura is healthy and active as a conservative member of Parliament and president of a phonograph firm.

"Those who wanted us to get on Hitler's and Mussolini's bus made a mistake," Nomura declared. "Now, others say Khrushchev and Mao Tse-tung are moving along. But I feel there is only one road for us (the West). Japan should not repeat its mistakes."

Nomura once again denied that he had advance knowledge of the Pearl Harbor attack.

## IKE INSPIRED BY HIS VISIT WITH THE POPE

By FRANK BRUTTO

VATICAN CITY (AP)—President Eisenhower paused briefly Sunday in his world-wide quest for peace to draw inspiration from Pope John XXIII.

The President emerged from his 27-minute audience with the Pope's earnest wishes for God's blessing upon him. Eisenhower said he was inspired by the Pope's approval of the free world's efforts toward "peace and friendship in freedom."

The Pope also expressed "sentiments of benevolence and admiration which we cherish for the American people." He said he rejoined that the United States, under Eisenhower, is striving so actively "toward the lofty ideals of a loyal and effective concord between nations."

The President said: "I thank Your Holiness for the words you have addressed to me, my family and my country. I am also grateful for your blessing."

The President was accompanied by his son and daughter-in-law, Maj. and Mrs. John Eisenhower, and James C. Hagerty, his press secretary. The Pope received them in his private library.

CANONSBURG, Pa. (AP)—Some 800 United Steelworkers stayed off the job at the Pennsylvania Transformer Co. plant today with the expiration of a contract.

Company officials, headed by Earl H. Rodgers, director of industrial relations, immediately conferred with USW officials with a hope of signing a new contract. Rodgers said he was optimistic.

The contract between the company and the union expired midnight Sunday.

## Appoint Editors For New Catholic Encyclopedia

WASHINGTON, D. C. — The board of trustees of the Catholic University of America has appointed Right Reverend Monsignor William J. McDonald, rector of the university as editor-in-chief of the new Catholic encyclopedia to be published by the university in cooperation with McGraw-Hill Book Co., Inc., New York. His Eminence Francis Cardinal Spellman is chairman of the board.

At the same time, the board made two other appointments in connection with the new encyclopedia. The Very Reverend Monsignor John H. Harrington, librarian and faculty member of St. Joseph's Seminary, Yonkers, N. Y., has been named managing editor. Dr. Martin R. P. McGuire, head of the Department of Greek and Latin of Catholic University, has been named secretary of the encyclopedia's editorial committee.

Monsignor McDonald will continue as rector of the university while carrying forward his new duties.

### Monumental Project

World-wide interest has been manifested in this monumental project of Catholic scholarship, the new editor reports, since the announcement last September of its launching.

"Distinguished scholars in the Near East, the Far East, Europe, and various parts of North and South America have volunteered their cooperation," Monsignor McDonald reports. "Their enthusiastic response is immense; encouraging as we face the task of pursuing the extensive research required so that the encyclopedia may become an authoritative source of information and reference for the English-speaking world. Such favorable response indicates the present urgent need for a source of approved competency and augurs well for its reception when completed."

Work on the new Catholic encyclopedia has already begun. Five years will be required for its completion, at a cost in excess of \$4 million.

Arranged alphabetically, the encyclopedia will be published complete in 15-volume sets. The encyclopedia will be kept up to date by a program of continuing revision of the main work and by the annual publication of yearbooks. A new Catholic dictionary also will appear under auspices of the Catholic University of America.

The new Catholic encyclopedia will replace the well-known Catholic encyclopedia, which first appeared 52 years ago. Catholic University was also closely associated with the original work, to which it has acquired all rights. It is planned that the new encyclopedia will incorporate the most recent scholarly findings and review significant developments of the past half-century. It will at the same time embody the latest advances in printing and illustration.

## Bullets Surprise Temple With 76-74 Overtime Win; Host Villanova Tonight

A corner jump shot by Ron Warner and a pair of last second foul tosses by Bill Hemming gave the Gettysburg College Bullets a thrilling 76-74 overtime win over highly rated Temple University Saturday night before 1,100 Eddie Plank Memorial gym fans. It was by far one of the best played and exciting games here in years.

With the count knotted 68-68 at the end of regulation play sophomore forward Bill Kennedy followed with a driving lay-up. Parker snapped back 35 seconds later with a push from the key followed by Ron Warner's foul circle jump shot to make it 74-71 in favor of the Bullets.

Center Rus Gordon connected on one of two fouls and Bruce Drysdale swished a jump for the Owls. With 45 seconds remaining in the overtime Hemming dropped a pair of game-winning charity shots. At the 26-second mark Kennedy came back with one of two fouls. The Owls then stole the ball and called time out. With four seconds remaining Kennedy went driving in for a desperation shot but missed and Gettysburg took the rebound, tossed the ball high in the air and the game was over.

Both Temple (1-1) and the Bullets (1-2) were playing their first Middle Atlantic Conference game. It was the first victory for the Bullets after dropping their first two outings. The contest also marked the Bullets' first home encounter of the young season.

**Nerve-Wrecking Finish**  
Coach Bob Hulton's outfit built a seven-point lead with 9:36 minutes left in the game and the score 58-51. Gordon looped a set followed by three straight goals by Kennedy. Ron Warner tossed in a jump and Parker added a foul and push. Warner then matched Drysdale on a goal and charity toss but Kennedy came back with a pair of goals to knot the score at 66-66 with 3:02 remaining.

At the 2:38 mark Warner landed a corner jump only to be matched by Kennedy at 2:05. With 18 seconds left Temple took the tap following a jump and immediately called time out. The Owls then worked the ball down to the Bullets basket where Kennedy took a last second shot and missed as the buzzer sounded ending the regulation game.

In the early part of the contest the Bullets jumped to a four-point lead and held it until the 5:44 mark was showing on the clock. A goal by Drysdale made it 29-27 in favor of Gettysburg and Gordon dunked four consecutive fouls while Warner landed a goal. The Owls went ahead 33-31 with 3:56 showing but the Bullets came back on fouls by Parker and goals by John and Ron Warner with Bernie Ivens connecting for two counters to make the score 39-35 with Gettysburg out in front at intermission.

Both teams saw-sawed opening the second half until the Bullets moved out to a 58-51 lead at 9:36. Throughout the entire contest Temple never held more than a three-point lead and they reached that stage only once with 1:40 minutes gone by in the second half.

**All Play Well**  
There were several players who stood out for both teams, but Gettysburg's Ron Warner, a sophomore and former All-Stater from York captured the scoring honors as he landed 15 of 18 goals and four of seven fouls for 34 points. Bill "Pickles" Kennedy, who is listed on many pre-season All-America lists, carried the scoring load for the Owls with 14 of 28 goals and five of seven fouls for 33 counters. The Bullets registered one of their most outstanding shooting percentages in many years when they connected on 32 shots from the field on 57 attempts for a .561 average. Temple was 31 for 91. The Bullets captured 52 rebounds as compared to the Owls 51.

Parker, the Bullets' scrappy playmaker, added tremendously to the Bullets' efforts on both offense and defense. He grabbed nine rebounds and assisted on nine goals.

## EARLY UPSETS IN COLLEGIATE COURT PLAY

By ED WILKS  
Associated Press Sports Writer

One week doesn't make a season, but two might—particularly the next two for the likes of St. Louis, West Virginia, Ohio State, North Carolina and Indiana in major college basketball.

The season, just a week old, finds suspected powers Kentucky, Kansas State, North Carolina State and Louisville already beaten. Now all four put the test to the rest.

St. Louis, unbeaten in three games that included road decisions over St. John's (NY) and K-State, has the toughest job in the next two weeks, even though two of the four games in that span will be played on the Billikens' home court. North Carolina (1-0) doesn't figure to have things easy either.

**K-State Beaten**  
The Bills, beating K-State 67-58 last Saturday for the Wildcats' first home defeat since 1957, play Ohio State Wednesday and Kentucky Saturday at St. Louis. Next week they jump into the University of Kentucky Invitation Tournament against so far unbeaten West Virginia plus North Carolina and host Kentucky.

Before North Carolina, which opened with a 93-56 Atlantic Coast Conference victory over South Carolina last Saturday, gets to the tournament at Lexington, Ky., the Tar Heels join NC State in a Friday-Saturday doubleheader duel with Kansas and Kansas State at Raleigh.

**California Beats Kentucky**  
North Carolina plays Kansas Friday while K-State, surprised by Wake Forest 73-39, plays K-State. The two California schools then swap foes on Saturday.

Kansas, which opened with a 76-67 victory at Northwestern last Saturday, is at home against Texas Tech (1-1) tonight in a heavy schedule that pairs unbeaten in Butler-Ohio State, Indiana-Missouri, Houston-Texas A&M and New Mexico State-Utah.

California, the NCAA champion, breezed as expected against the school's Santa Barbara branch, 59-47, last Friday and goes against San Francisco (0-2) Tuesday night. West Virginia (4-0), the NCAA runner-up, plays Richmond in a Southern Conference game Tuesday.

Southern California, after dropping two games by a total of five points to UCLA and Santa Clara, knocked off Kentucky 87-73 Saturday.

**Louisville Upset**  
Georgia Tech (3-0) spilled Louisville 68-56. The Cardinals now play Eastern Kentucky (Thursday) and Davidson (Saturday) before meeting Cincinnati next week.

Cincinnati, 2-0 after whipping Marshall 102-61 Saturday as Oscar Robertson, again playing only part time, scored 43 points, plays Miami (Ohio) tonight. West Virginia's Jerry West, paired with Robertson as the only returning All-Americans this season, scored 18 points in 27 minutes as the Mountaineers walloped Furman 96-63 for their 52nd consecutive Southern Conference success.

As for tonight's unbeaten foes, Ohio State (3-0) beat Pitt 94-49 Saturday while Butler (3-0) defeated little Wabash 62-55. Indiana (1-0), picked to top the Big Ten, handled Ball State with expected ease, 103-63, and Missouri (2-0) spilled Arkansas, a possible Southwest Conference threat, 75-51, in a Friday game.

Houston (3-0) defeated McMurray 92-51 while Texas A&M (2-0) beat Trinity (Tex.) 86-46. New Mexico State handed San Francisco a 72-63 setback and Utah opened with a 104-80 job on Los Angeles State.

**DON'T OVERCROWD**  
Don't overcrowd the kettle when you are deep-frying doughnuts or other food.

## 3 Rec Cage Loops To Be Organized

Organization meetings for three basketball leagues to be sponsored by the Recreation Association are scheduled for this week at the recreation office at the high school.

A church league will be formed at a meeting Tuesday evening. Efforts will be made to organize a ladies' league as a continuation of the successful softball league program at a meeting Wednesday evening.

The Community League will be reorganized Thursday evening.

All meetings are scheduled for 7:30 p.m. and representatives of interested teams are requested to be in attendance.

## SCHOLASTIC FOOTBALL IS ENDED FOR '59

By FRED WALTERS

HARRISBURG (AP) — The 1959 Pennsylvania scholastic football season passed into the record books over the weekend with Charleroi, Philadelphia Bonner and West Scranton making the last entries.

Charleroi picked up the WPIAL AA title, and the high prestige that went with it, with a 13-12 victory over Aliquippa. Paul Strick's placement was the margin. Bonner, Catholic League champion, registered the most one-sided triumph in the 22-year history of the Philadelphia City Championship series when it trounced Public League titlist Central, 54-0.

**East Pennsboro Record**  
West Scranton, East Penn northern division king, picked up the overall conference championship when it stopped Hazleton, southern division leader, 20-0. West Scranton had beaten Hazleton, 46-0, during the regular season.

Charleroi's victory added it to the list of 20 unbeaten-united teams in 1959. Nine other teams finished with only ties to mar an otherwise perfect season.

East Pennsboro, near Harrisburg, put its name into a special part of the ledger as the only unbeaten, untied and unscored-upon team.

**Three All-Win Teams**  
The all-winning teams were: Southeast — Ambler, Clifton Heights and Wyomissing. Northeast — Northampton Wilkes-Barre Meyers and Pius X of Roseto.

Midstate — Hanover, Lancaster, Perry Joint and East Pennsboro. West-Central — Richmond Twp. Southwest — Bellmar, Braddock, Charleroi, Johnstown, Scott Twp., Springfield, Pittsburgh Shady Side and Avela.

Northwest — Saegertown. The unbeaten but tied teams were: Northeast — Kingston Catholic. Southwest — Coraopolis, Massontown, Farrell, Monaca, Avonworth and Union Twp.

Northwest — Franklin and Bradford.

## DOUG SANDERS TAKES CORAL GABLES OPEN

CORAL GABLES, Fla. (AP) — Some critics wonder whether the Biltmore Course of today isn't the Biltmore Course of 25 years ago, or the golfers of 25 years ago weren't what they are today.

Doug Sanders of Miami Beach won the \$25,000 Coral Gables open tournament with a four-round total of 273 over the 6,563-yard par 71 Biltmore layout. The previous record was 281, set by Horton Smith in 1935.

Not only Sanders, but six others bettered Horton's mark. Two more equaled it as the field made a shambles of par. Even the record of 65 for one round, set by Jimmy Thomson in 1937, was bettered as an unknown named Miller Barber from El Dorado, Ark., shot a sizzling 64 for his third round.

## No Major Play

The course has been used as a public links since World War II, and has not entertained a major tournament since 1941, so the logical theory is that the slightly altered layout isn't quite as tough as when the Hagens and Sarazens and Smiths and Guldahls were using it as a playground.

Sanders achieved his total with rounds of 68, 71, 69 and 65, and it was his final 65 which brought him first money of \$2,880.

He started the final day one stroke back of Dow Finsterwald of Tequesta, Fla., and Arnold Palmer of Ligonier, Pa. Finsterwald shot a 2-under-par 69 Sunday, good enough for a 276 total and second place, but Palmer took a 72 and wound up in a triple tie for third with 279. Julius Boros of Mid Pines N.C., and Johnny Pott of Shreveport, La., also were in the 279 bracket.

## FAIRFIELD HIGH OPENS SEASON AT TANEYTOWN

Fairfield High School will open its 20-game basketball schedule Tuesday evening when it opposes Taneytown High on the latter's floor.

Coach Jack McAndrews has three lettermen back on his squad, all of whom are under 5-10 in height.

The veterans include Randy Inskip 5-9 and Joe McCauslin 5-8, both juniors, and Jim Ruth, 5-8 senior.

Fairfield will be sorely lacking in height this season as the only six-footer is George Haines 6-0, a sophomore.

**Other Candidates**  
Other members of the 18-man squad include: Seniors, John Mort 5-9, Wesley Sanders 5-9, Ken Wolford 5-11; and George Wenschhof 5-8; junior, Ray Kuykendall 5-7; sophomore, John Weikert 5-11; freshmen, Ray Adelsberger 5-7, David Benner 4-10, Calvin Bream 5-11, Tom Reinhardt 5-0, Gary Sites 5-6, Stuart Sides 5-0, Donald Tester 5-9 and Paul Warrenfeltz 5-4.

## If You Can't Throw, Run With It

New York Giants quarterback Charley Conerly (42) was ready to throw against Cleveland Browns at Yankee Stadium Sunday but changed his plan when he couldn't find his man. In the first half action in New York Conerly looked for his receiver, didn't find him, then took off through a hole in line for four-yard gain. ## Late Spurt Gives Mount Cagers 62-56 Win Over St. Vincent On Saturday

Sputting in the final minutes of play, the Mt. St. Mary's College basketball team broke into the win column for the first time Saturday evening by nipping St. Vincent 62-56 at Emmitsburg in a loosely-played game. The Mountaineers previously dropped a pair of decisions.

Jack Gunn, 6-1 senior, and Ed Pfeiffer, 5-10 freshman, sparked the Mounts to their victory by scoring 12 of the final 14 points registered by their team.

At half time Coach Jim Phelan's outfit trailed 26-21 and fell as much as 13 points behind early in the last half before recovering to snatch victory.

**Get Late Rally**  
With 10 minutes of play remaining St. Vincent led 45-36. At that point Gunn and Pfeiffer began to take charge. Gunn dropped through a goal to put the Mount on top 56-55 with one minute left and the Phelan-men pulled away in the closing seconds.

## TWO PLAYERS SCORE 3 GOALS IN ONE GAME

By THE ASSOCIATED PRESS

It's not very often that a player scores three goals in a National Hockey League game. But lightning struck twice Sunday night as Bobby Hull of the Chicago Black Hawks and Jimmy Bartlett of the New York Rangers each put together the "hat trick."

Hull scored three times in the Hawks' 6-3 victory over the Boston Bruins. Bartlett duplicated the feat as the Rangers blanked the Toronto Maple Leafs 6-0.

In the night's other game rookie Murray Oliver collected a pair of goals for Detroit in the Red Wings 4-4 tie with the Montreal Canadiens.

## Gendron Scored 3

Prior to Sunday night, there was only one "hat trick" in the league this season. Guy Gendron of the Bruins turned in the feat a few weeks ago.

With Hull and Bartlett providing the impetus, Chicago and New York remained tied for fifth place, but they closed in on fading Boston. The fourth-place Bruins are seven points in front of the Hawks and Rangers. Saturday's action saw the Detroit edge Boston 4-3, Toronto turn back New York 6-3 and Chicago and Montreal tie 2-2.

The Wings' victory, coupled with the Leafs' setback, boosted Detroit to within three points of second-place Toronto Montreal, which has bowed twice and tied twice in its last four outings after an 18-game unbeaten streak holds an eight-point lead over the Leafs.

**ATLANTA (AP)**—Ty Cobb, one of the all-time greats of baseball, was reported in good condition and resting comfortably today at Atlanta's Emory Hospital.

He was admitted Sunday night for what his doctor described as a routine checkup.

The former big league baseball star will be 73 on Dec. 18.

## GIANTS ROUT BROWNS 48-7; COLTS CLINCH TITLE IN WEST

By MIKE RATHER

Associated Press Sports Writer  
A shrewd Mississippian, his good-looking sidekick and a 230-pound one-man wrecking crew comprise the key trio for the New York Giants, Eastern Conference champions in the National Football League for the second consecutive year.

The clever Mississippian is quarterback Charley Conerly, who revitalized a non-existent Giant attack with his pin-point passing and first-rate signal calling in the last three games en route to the Eastern crown.

The final measure of Conerly's success—after returning from an ankle injury that sidelined him while the Giants floundered—came Sunday when he passed for three touchdowns and engineered a 48-7 rout of the Cleveland Browns to wrap up the title.

## Gifford Scores Twice

The good-looking is halfback Frank Gifford, Hollywood-bound with a movie contract when he leaves pro football. Gifford, the main cog in New York's ground game, poured it on against the Browns. He scored twice and packing away 175 yards running and passing.

The wrecker is middle linebacker Sam Huff. His job was to stop Jimmy Brown. Huff handed Cleveland's league-leading ground gainer so effectively he gained only 50 yards in 15 tries. Brown has been averaging over a 100 a game.

While the Giants won in the East and started looking towards a replay of last year's championship game with Baltimore, the defending champion Colts clinched a tie for the crown in the Western Division.

## Record For Units

Led by quarterback Johnny Unitas, who set an NFL record for most TD passes in one season, the Colts won their showdown battle for first place with San Francisco as they defeated the 49ers 34-14 in a Saturday game.

The Colts lead the 49ers and Chicago Bears by one game with one left to play. The Bears moved into a tie for the runner-up spot Sunday by beating Pittsburgh 27-21 for their sixth straight win.

In other games Sunday, Philadelphia took over second place in the East with a 34-14 thumping of Washington, Detroit clobbered Chicago's Cardinals 45-21 and Green Bay defeated Los Angeles 38-20.

## Browns In Third Place

The Giants (9-2), administering the second worst beating in Cleveland history, rolled up their biggest point total in five years for their fifth straight decision over the Browns. The defeat dropped the Browns into third place with a 5-5 record.

Conerly, the 38-year-old veteran, pitched TD tosses of 32, 19 and 2 yards to Gifford, Kyle Rote and Bob Schneider, respectively. Gifford also scored another on a two-yard smash. Pat Summerall, New York's placekicker and the NFL's top scorer, kicked two field goals and four conversions to bring his total to 84 points.

Unitas spiraled seven and 13-yard passes to Ray Berry for TDs, clicked with a 64-yarder to Lenny Moore for another and tallied once himself on a 12-yard scamper. Unitas now has 29 touchdowns passes for the season, one more than Sid Luckman of the Chicago Bears accounted for during a 10-game schedule in 1943.

## L.A. Next For Colts

The Colts (8-3) meet Los Angeles next Saturday, needing a tie or victory to clinch the crown. The 49ers and Bears, both 7-4, must beat Green Bay and Detroit, respectively, while Baltimore loses to create a three-way tie.

Rick Casares scored four touchdowns on short plunges as the Bears sped to an early lead, then had to brace for a final surge by the upset-minded Steelers (

near the South Pole while at the same time coming in the winter at the North Pole. If you can believe these folk it is all because of Santa Claus and Onik, the Eskimo boy, and the way the two of them long ago tamed the Ice King of the North.

Here is the story they tell:

Once upon a time, in a far away Northern land, there lived a little Eskimo boy named Onik. He lived with his family in an igloo on the edge of the Arctic Sea.

Nearby there were eight other igloos where other families lived. Together they formed an Eskimo village.

The Eskimos were hunters. In the winter they hunted seal and walrus and polar bear. In the summer, when their snow houses melted and grass covered the land, they hunted reindeer and rabbit and birds.

One year it seemed that the winter was colder than anyone could ever remember. The icy winds blew all the time and the snow drifted high over the village. Sometimes, when Onik and his father returned home

from hunting they had trouble finding the door to their own home because it was buried in new-fallen snow.

And sometimes the cold was so intense that all the villagers stayed in their snow houses for weeks at a time.

The worst part of it was that the hunting was poor for even the seal and the polar bear did not wish to come out in such weather. So food ran low in the village and Onik was often lucky to have even one hunk of frozen seal blubber as his only meal of the day.

One day as the family sat together in the igloo Onik's father said, "The days are beginning to be longer than the nights and the spring moon shines in the sky. That means winter is over and soon the ice will melt, birds will fly and flowers will grow."

"And we will tail reindeer in the hills!" cried Onik rolling over and throwing his arms around his dog, Keotuk.

"I can hardly wait," said his sister Popik. "Oh, it will be good to live in our summer tents and hunt for bird eggs in the grass!"

"And we will be warm again!" cried their mother. "Oh, I will be glad when this miserable winter is gone!"

But weeks went by and May came and June and even July passed by and still the icy winds blew and the snow piled higher and even the hunters' sleds froze to the ice and it was a job to move them at all.

Then the Eskimos were truly frightened. They went to the igloo of Miski, the wise man of the village.

"What has happened?" they cried. "Why has summer not come?"

Old Miski sucked in his ancient cheeks and stared at the ground. Then he said, "The Ice King of the North is very angry. To placate him we must have a festival in his honor. Then the icy winds will stop and summer will come to Eskimo land."

## PILOTS MUST QUIT FLYING AT AGE OF 60

WASHINGTON (AP) — Starting March 15, airline pilots must quit flying at the age of 60, by order of the Federal Aviation Agency. At present there is no age limit.

The Airline Pilots Assn. attacked the FAA order Friday as "whimsical and capricious." It said there was no shred of evidence to justify such a rule and added it would fight the order in federal courts.

However, the Air Transport Assn., an industry group, said the age limit is "reasonable and judicious."

FAA Administrator E. R. Quesada also set stricter new standards for pilots. He said both actions are needed to ensure public safety in an age where jet airliners carry up to 165 passengers at 550 miles an hour.

Quesada said there never has been any proof that pilot age was a factor in airline accidents. But he added that "the regulation is based on medical facts that clearly establish that sudden incapacitation due primarily to heart attack and strokes . . . become significantly more frequent in any group reaching age 60, and such attacks cannot be predicted on an individual basis by prior medical examinations."

Quesada estimated that only about 40 of the 14,000 active airline pilots would be grounded by the age limit.

## Barrigas Tell Of School And House Hunting In Old Spain

The following article contains excerpts from letters written to Gettysburg friends by Mr. and Mrs. William Barriga and family who are spending a sabbatical leave in Spain:

After spending several days in Paris the family took possession of their Volkswagen and then off to Spain via Geneva, Switzerland, where they visited briefly. The first stop in Spain was at Barcelona. Toni had extracted a promise from her father to stop and see a pen-pal she had from the school list and with whom she had been corresponding for about two years. The girl's name is Monserrat Castells and she lives in suburban Barcelona.

A card from Barbi says, "We got to her house about 9 one night. They were wonderful people and asked us to stay with them, so we did. Monserrat is named for the huge mountain near the town of Manresa where they live. A monastery is on the top of the mountain. The monks go to the top in a little cable car because the top of the mountain is pointed and goes straight up in sheer rock. The cable car goes up and then gets lost in the clouds. Monserrat is darling and we invited her to spend the year with us next year." Again a card from Barbi, "This is a picture of the many rose gardens in Madrid. The country around Madrid is arid. The only green spots are the olive trees in the groves. There is a lot of erosion in the rainy season and the hot sun bakes the red clay hard. The terrain is hilly and for miles we drove over these hills without a tree in sight."

Arid, Mountainous

A letter from Mrs. Barriga: "We arrived here Monday about three p.m. Our trip from Paris was absolutely perfect, but I'll tell you about it later. This part of Spain is arid and mountainous. It must be like Arizona. I was terribly surprised. I had expected a lush country, but not at all. Rocky ground, high with no vegetation except where they have planted vineyards and olive trees. The city is on a plateau. It is a clean city but I had the shock of my life. It is all big blocks of apartment houses and very modern ones. Just the square blocks with terraces, miles and miles of them. In the center of the city the streets are narrow and cobbled. The stores are small shops mostly and prices are high. It certainly isn't cheap."

"We went to see Inez (a Colombian friend who has visited in Gettysburg) immediately and she said that Marina (Senorita Bourheal who taught for several years at Wilson) had gotten us rooms at a good hotel near the Castellana-Hilton for Tuesday. So we called there and got the rooms for Monday. Two rooms with a connecting bath. Inez has gone to another town with an exhibition of her painting but will be back on Monday. She introduced us to an aviator who has an apartment to rent."

Go House-Hunting

"The next few days we spent house-hunting, trying to get the papers we needed, finding a school for the kids, etc. None of us feeling too well, and the hotel rooms getting smaller and smaller. It was pretty grim, but today all is different. We have an apartment. It is small but comfortable and sunny and everyone is happy."

"Monday the children start school and they are thrilled. It's a new school Marina found. Very modern, very clean and perfectly lovely. It's called Neutra Senora Santa Maria, but it is a lay school. There are about eight Americans and the directress is charming. Chapel is not obligatory but the children want to go. All three will have, as well as their solid subjects, painting, ballet, modelling etc. There is no homework. The school has about 300 students. They had room for the two younger girls but not for Barbi. I said, p-l-e-a-s-e, so they said if she went back a year all right. It's O.K. She will still be ahead. She has chemistry, biology, French, English, etc. Their uniforms are grey and dark blue."

Meals Were Problem

"At first the meal hours were a problem. Breakfast was at 11 a.m. (continental). Harriet would not eat. Lunch was at 3 p.m. and dinner at 10 p.m. Little by little we have been changing and now we have things pretty well under control. Had a letter from Nancy Richardson and she says she has mixed feelings about England. Yesterday I would have said the Spaniards could have Madrid but now I am not so sure. At any rate I'll be glad to get home. Give my love to everyone."

From Harriet: "Dear Mommie D., thank-you for the birthday card. My writing is terrible. Well, I'll tell you about Santa Maria, our school. I was in 2 grade, but now I'm in 1 grade, because I can't write. I have to hang up now. So good-by! Love and hug plus kiss. Harriet."

## PANAMA CANAL KEEPING BUSY THRU TROUBLE

By RICHARD G. MASSOCK

PANAMA (AP)—Anti-American riot or not, the Panama Canal keeps busy every day.

Twenty-seven ships laden with freight and passengers are lifted and lowered 85 feet from one ocean to another on a daily average. Fifty million tons of cargo go through the locks between the Atlantic and the Pacific every year.

In money the U.S.-operated Canal Zone means more than 71 million dollars yearly to the country it divides. This is 12 million dollars more than the national budget. It makes up Panama's own foreign trade deficit, the difference between what it sells and what it buys.

Some Unhappy

Yet some of Panama's million poverty stricken inhabitants are unhappy. They want more money from the "Colossus of the North" in return for use of the strip 10 miles wide across their country. Most of all, they say, they want their flag to fly over it.

Panamanians feel their sovereign rights were sold out to the United States by the French engineer, Philippe Buneau-Varilla, when the fledgling government of Panama sent him to Washington in 1903 to sign a treaty with Secretary of State John Hay.

The United States paid the infant republic 10 million dollars outright and began paying a yearly rent of \$230,000. It finished the canal in 10 years at a cost of 425 million dollars. It also made tropical Panama a healthy place to live.

Treaties Signed

Exercising sovereign rights through the Canal Zone government and operating the waterway through the Panama Canal Company, the United States signed further treaties with Panama in 1936 and 1955. These, among other things, granted certain commercial and sunny and everyone is happy.

"Monday the children start school and they are thrilled. It's a new school Marina found. Very modern, very clean and perfectly lovely. It's called Neutra Senora Santa Maria, but it is a lay school. There are about eight Americans and the directress is charming. Chapel is not obligatory but the children want to go. cial concessions to this rapidly growing country.

Canal Zone authorities say direct benefits to Panama now amount to \$24,600,000 a year. This is paid in wages to 16,000 Panamanians who work in the zone, in contracts for construction and services, for food and supplies.

U.S. authorities say that Panama thus lives largely off the canal. Yet many Panamanians resent the 11,000 Americans who live and work in the zone, look enviously at the way they live.

Tolls Steady

Some Panamanian politicians are demanding half the gross revenue from the canal tolls, which was \$83,100,000 in 1958. The net revenue last year was \$2,700,000. Panama has been collecting a rent of \$1,930,000 yearly since 1955.

Throughout its 45 years, the canal's tolls have remained the same. Some Panamanians propose an increase to provide more money for Panama. Canal authorities, on the other hand, say their aim is to serve shipping of the world on the most economic basis possible.

## "Santa Claus" In Harlem Alerts "Helpers"; Nabs 24 Narcotics Suspects

By LAMAR FALKNER

NEW YORK (AP) — Santa Claus has his eye on bad boys and girls, and he isn't waiting for Christmas Eve to leave sticks and stones in their stockings.

Already Santa has helped arrest 24 narcotics suspects.

A rather tired and frowzy Santa stood on Harlem street corners the past two weeks clanging his bell and singing "Rudolph the Red-Nosed Reindeer."

"Something Extra"

In his pockets, he carried lollipops. In his hand, he rattled a container for coins. In his head, he carried a photo and data file on drug traffickers.

Always near Santa were his helpers — two down-and-out loafers. When Santa spotted a familiar face in the crowd, he would shift his bell from one hand to the other.

Santa Collects

Friday, as Pardo and Grosso closed in on Kathleen Johnson, 27, the woman dropped 10 envelopes, each containing enough heroin for one injection. Pardo and Grosso pretended to overlook the envelopes, but Santa Claus Egan shuffled over and absent-mindedly picked them up.

At a police station, the woman demanded: "What are you pulling me in for? You haven't got any evidence!"

"Wait 'til Santy comes," replied Pardo.

"Housewife" Nabbed

In another incident, what appeared to be a Harlem housewife coyly dropped a coin in Santa Egan's cup and held out her hand for a lollipop. Egan shifted his clattering bell and his helpers moved in.

The housewife turned out to be something of a masquerader, too, not a housewife at all but rather Fred (Beaut) Cotton, 35, in woman's attire complete with lady's shoes and girdle. Grosso and Pardo said they found 30 packets of heroin on him.

Miss Johnson was charged with possession of narcotics and Cotton with possession and intent to sell. Both are Negroes. Most of the others arrested have been charged with similar offenses.

A Fine Hour

There was a moment from "Waiting for Lefty," highlighting the social protest of the theater during the depression days, a scene from "Thurber's 'The Male Animal,'" a bit from "Call Me Mister," a song from "South Pacific," and an excerpt from "Raisin in the Sun."

There were many star performers and Franchot Tone provided an informative commentary. It was a fine hour, worthy of prime evening time.

## DURANTE IN TYPICAL SHOW SUNDAY NIGHT

By CYNTHIA LOWERY

AP TV-Radio Writer

NEW YORK (AP)—Those who tuned into NBC Sunday night, anticipating an hour of nostalgia and old George M. Cohan songs had a long wait. Although the Jimmy Durante special was called "Give My Regards to Broadway," and was heralded as one of those salutes to musicals, it was exactly 50 minutes before little Eddie Hodges looked up at Ray Bolger and asked, "Who is George M. Cohan?"

Then, for a few minutes, we had "Harrigan," "Mary" and a couple of other Cohan songs which wound up what was otherwise a typical Jimmy Durante show.

This is just dandy for people who find Durante irresistible. For those who can take Jimmy or leave him, it was just another musical mishmash.

Good Sunday Show

Possibly one of the most stimulating shows of the whole season turned up at 11:30 a.m. Sunday on CBS with bits from a dozen Broadway shows presented in "A Salute to the American Theater."

This was a purposeful salute—by the Anti-Defamation League to call attention to the theater's traditional part in fighting for individual freedom and human rights through the years.

One of the first was a scene from an 1895 drama—"Octoroon."

For the next hour, the salute touched here and there pointing up what the theater had been saying about Negroes, anti-Semitism, communism, fascism and all the rest.

## SAY KIM NOVAK GOING TO WED HER DIRECTOR

By JAMES BACON  
HOLLYWOOD (AP) — They're building a livable home for a Kim Novak movie and the grapevine says it will be the honeymoon house of the actress and director Richard Quine.

The contractor estimates the market value of the property and house at \$250,000. It's perched on a hilltop in Bel-Air and there is no swankier address in this land of millionaires.

The house is an integral part of the plot of "Strangers When We Meet." Kirk Douglas, married to Barbara Rush in the movie, carries on an illicit romance with Kim. He takes her to the site of a home he is building in Bel-Air.

### Her Steady Date

Quine's cousin, Tom, a Los Angeles contractor, is building the house, using his regular crews.

Movie carpenters, used to building things that can easily be torn down, are not involved in the actual house construction.

Kim's steady date is director Quine. His wife gets her final divorce decree in March. Until the divorce, Kim is mum about any marriage plans.

"I certainly am very fond of Dick," she admits. "But as for marriage, I can't say right now." Intimates say the beautiful Chicago blonde is more smitten with Quine than any of her previous boy friends, including Cary Grant and Aly Khan.

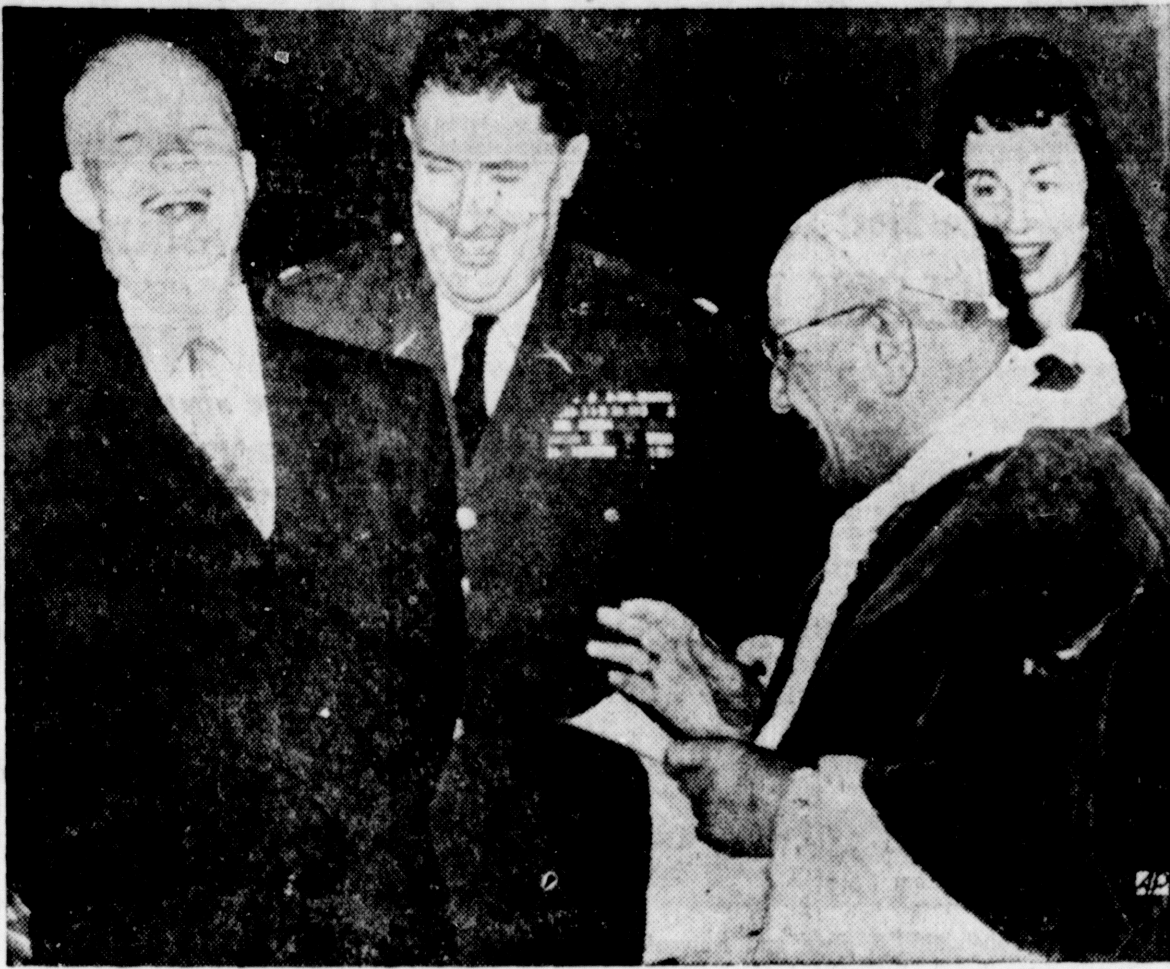

### She Okayed Plans

Of the latter, she comments: "They're much too young for me. I can't keep up with them." Kim, at 26, is about half their ages.

But the big tipoff that the house has togetherness plans comes from a source on the picture who said Kim looked at and approved all sketches and plans for the mansion.

"I have worked with Kim on half a dozen pictures," the source said. "And this is the first time she ever even cared about, let alone looked at, a movie set before she walked on it."

## Most Bank Employees In U.S. Are Women; Reports Show Prosperity Is Tough

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The girls go where the money is. That may explain why more than half of the country's 625,000 bank employees today are women.

The United States still has 20 million bicyclists—or one for every four motor car drivers.

### Prosperity Too Tough?

How sick are we as a civilization? Well, since the 1930s, when times were a lot tougher, the number of hospital ulcer cases has quadrupled, the number of hospitalized heart patients has tripled. Is prosperity too much for

us to bear?

Odd legislation: Minnesota once had a law requiring that convicts, on being discharged from prison, be furnished with a horse.

Quotable notables: "It costs so much to live nowadays," says actress Helen Downey, "nobody can afford to be poor!"

### Sheep Are Out

Hint to insomniacs: Don't try to count sheep as a way of going to sleep. Doctors say this only stirs up your mind and helps keep you awake.

Deer have their own secret language. They "talk" or signal to each other by snorting, bleating or stamping the ground, and

through the use of scent glands on their rear legs.

Lady Luck: More than half of all adult Americans—57 per cent—bet at least occasionally. But the Catholic Digest says the number of compulsive gamblers has risen from 3½ million in 1945 to 6 million today, or a million more than the estimated number of alcoholics.

### Taxes, Divorce, Fishing

One way to look at it: "When I pay taxes," said Oliver Wendell Holmes, "I feel I am buying civilization."

In a man can get a divorce simply by telling his wife three times, "I divorce thee." To find the quickest way to get to Iran, consult your local travel agent.

It beats using worms. Soviet scientists have developed an ultrasonic method of locating schools of fish from a helicopter. The whirlybird hovers 50 feet aloft and lowers a special microphone into the water.

Marital truth: "Isn't it ironic," muses Grace Downs, "that in most happy marriages all the big decisions are made by the little woman?"

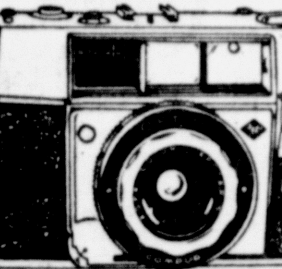

### Dance For Dinner

The foot, as a unit of measurement, once actually was based on the human foot. But before it was finally standardized at 12 inches it ranged all the way from 12 to 24 inches.

## PREACH "BUY AMERICAN" TO AID RECIPIENTS

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP) — While President Eisenhower is busy selling America overseas other U.S. officials are busy preaching buy American to recipients of our bounty.

They don't propose much change in the total of our foreign aid. But they hold that those who get it should use these dollars to buy American products rather than those of our competitors.

Buy America is part of a drive to end the American trade deficit that has drained away part of our gold reserves and built up large

foreign investments in U. S. securities that could be used to drain away still more gold.

### Controversial Policy

The buy American policy is controversial. Opponents charge it aims at curbs on freely moving world trade at a time when we are urging other nations to lower their import quotas and tariff barriers against American goods.

They contend that the nations who receive our aid should shop where they can get the best value — and that high prices of American products are our real export problems.

### Builds Competition

Advocates of buy American if you get American hand-outs point out that the policy is only one part of the drive to relieve the United States of carrying the major part of the burden of reviving the stricken or modernizing the underdeveloped.

The billions of dollars that the United States poured out since World War II has helped Western Europe to great industrial prosperity. Along with Japan it has become a serious competitor of American industry in world markets. As the underdeveloped nations become industrialized with our help, they, too, will compete in markets we once considered ours alone.

Douglas Dillon, U.S. undersecretary of state, is in London for

talks with British officials on trade matters. The specific problem is the threat that two great trade combines are being set up in Western Europe and that they may further weaken America's trading position.

### Not Dangerous So Far

The dollars and cents problem is simply that we have continued to import in large volume. But while we were spending our dollars for these goods, and spending more billions in military and economic aid, and still more for establishments overseas and in travel by American tourists, our exports have declined. The dollar outgo became more than the dollar income. Hence the loss of gold.

The drain of gold, most agree hasn't seriously endangered our reserves — so far. In fact, most contend that the redistribution of the gold hoards in the world has been healthy.

## CHAMBERLAIN INJURES FOOT; OUT FOR WEEK

By THE ASSOCIATED PRESS

The Philadelphia Warriors could be in for a rough time in the National Basketball Assn. Wilt Chamberlain has an injured foot which may keep him out of action for a week.

The high-scoring rookie star suffered the injury Saturday night when teammate Woody Sauldsberry stepped on his left foot during a 113-112 defeat by the Hawks at St. Louis. Chamberlain scored only 20 points, his lowest output of the season.

Sunday night, the former Kansas All-American sat on the bench as the Warriors eked out a 118-116 victory over Detroit at Philadelphia and remained within 2½ games of the Boston Celtics. The Celtics, eastern division leaders, downed crippled Minneapolis 121-104 Sunday.

### 40-foot Basket

Chamberlain was scheduled to have the foot X-rayed today. The Warriors get one break in that they are idle until Thursday when they play Cincinnati. But on Saturday they came up against the powerful Celtics. Philadelphia and Boston have met three times this season with the Warriors winning two.

A 40-foot one-handed shot by Paul Arizin just before the final buzzer gave the Warriors their two-point victory over the Pistons, who were beaten 124-106 by the New York Knicks Saturday.

Bailey Howell, who paced the Pistons with 25 points, tied the game with 18 seconds remaining. Then the Warriors' Tom Goetz picked up a loose ball under the Detroit goal, and threw it towards mid-court. Arizin grabbed the ball and shot. Arizin ended up with 33 points, five more than Andy Johnson.

Tommy Heinsohn sparked two Boston rallies in the Celtics triumph over the Lakers. Hitting five of seven shots from the field in the second quarter, he was instrumental in Boston's 39-42 half-time margin. Then in the fourth period, after the Lakers had moved within nine points, Heinsohn dropped in four more field goals to boost the Celtics into a commanding 102-83 lead.

Elgin Baylor's 29 points led the Lakers, who were able to field only eight men because of injuries. Minneapolis also lost to Syracuse 106-95 Saturday.

Cliff Hagen and Bob Pettit made it look easy as the Hawks defeated Cincinnati 118-104 Sunday for their second victory in as many nights. They scored all but six of the Hawks' 31 points in the first quarter and between them had a total of 54. Hagen scored 32, Pettit 22. Each also had 16 rebounds.

### Fight Results

### WINS SPORTS CAR RACE

NASSAU, Bahamas (AP) — George Constantine, 41-year old silver thatched public relations man from Southbridge, Mass., was \$13,000 richer today. But more important to him was that he had won his first major international sports car race.

Constantine came out of the pack Sunday with an English Aston Martin for a near-record triumph in the \$33,000 Nassau Trophy Race. He covered 49 laps of the brutal 4.5 mile course at an average speed of 87.264 miles per hour. The time was only a trifle under the record of 87.546.

## JUNIOR LOOP REPORTS TODAY

MIAMI BEACH, Fla. (AP)—An American League committee was to report on expansion plans today with strong indications it would recommend continued study.

While the major league officially opened their winter meetings, President Branch Rickey of the five-team Continental League, the proposed third major, was due to confer with his owners at the same hotel.

Rickey had called a meeting for Tuesday morning but is expected to huddle on an informal basis tonight with representatives of the five founding cities.

Bob Howsam of Denver and Jack Kent Cooke of Toronto already are on the scene and others are expected.

The Continental plans to issue a statement after the American

## \$793,815,975 Bet On Harness Racing

COLUMBUS, Ohio (AP) — An all-time high of \$793,815,975 went through the parimutuel machines at the nation's harness racing tracks during the 1959 season.

The total handle, announced today by the U.S. Trotting Assn., from a report by USTA President Walter J. Michael to the 40-member board of directors, is more than 80 million dollars above the 1958 mark of \$712,872,993.

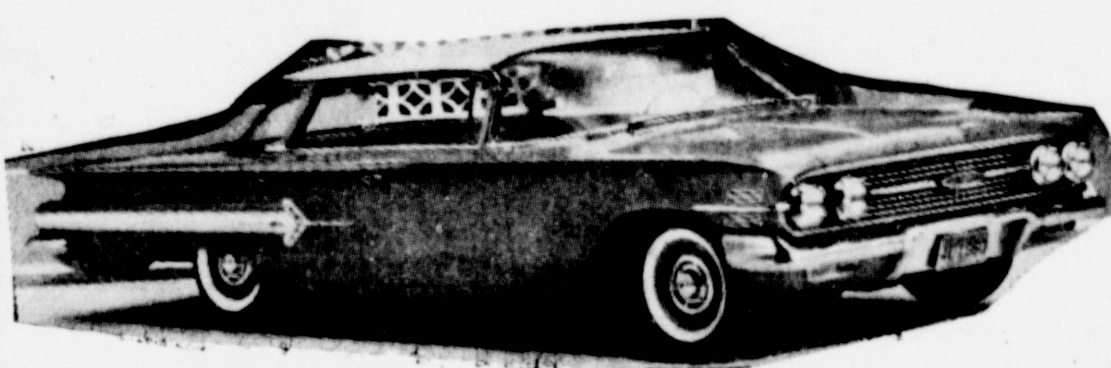

Total attendance also rose considerably. Crowds in 1959 totaled \$4,128,762 compared to \$2,769,494 for the previous year, USTA records showed.

League makes known its position on expansion.

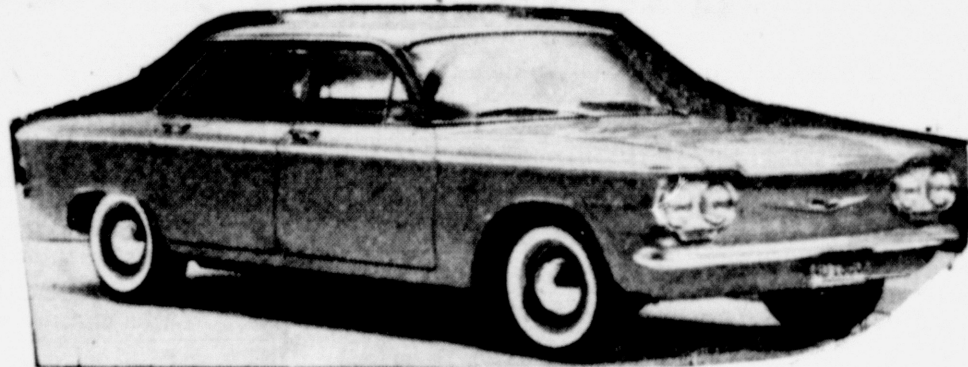

Baseball Commissioner Ford Frick also has said he will have a statement. He has urged the American to take a definite stand on expansion.
